

Strelkov Daniil Yuryevich

Vacancy: analyst, **data-scientist**

e-mail: **daniil.strelkov@math.msu.ru**

Phone number: **+7(977)491-39-44**  

Employment: **30-40 hours per week**

City of residence: **Moscow**

Citizenship: **Russia**

Date of birth: **26.12.2003 (20 years)**

Educational: **Moscow State University**

Year of graduation: **2028**

Faculty: **Mechanics and Mathematics (Department of Probability Theory)**

Specialty: **fundamental Mathematic**

Form of study: **Full-time**

Languages: **English(B2)**

I did an internship at Alfa.Insurance in the position of data scientist, worked with LLM models. I participate in hackathons related to ML and DL

Relevant experience:

I took a machine learning course from the Higher School of Economics, a course on data analysis in industry from Tinkoff.Education

I participated in training on algorithms from Yandex.

He implemented educational projects such as analyzing the causes of flight delays, tasks related to linear regression, gradient descent, linear classifier, random forest XGboostClassifier and other models, also worked with FNN and LLM models

Professional skills:

probability theory, mathematical statistics

Algorithms and data structures

Python (numpy, pandas, matplotlib, sklearn, tensorflow)

C++ (OOP, STL containers)

SQL (basic queries)

Personal qualities:

- Fast learning
- Focus on the task at hand
- Critical thinking
